|                         |                                                    |
|-------------------------|----------------------------------------------------|
| <b>Languages:</b>       | C#, Java, HTML, CSS                                |
| <b>Frameworks:</b>      | .NET Core, ASP.NET, MVC, Web API, Entity Framework |
| <b>DataBase:</b>        | SQL Server, MySQL                                  |
| <b>Cloud:</b>           | Microsoft Azure                                    |
| <b>CI/CD Tools:</b>     | Azure DevOps                                       |
| <b>Version Control:</b> | Azure Repos                                        |
| <b>Tools:</b>           | Visual Studio, Postman                             |

## EXPERIENCE

---

**System Engineer**  
**Infosys**

Aug 2022 - Present  
*Pune, India*

- Developed and maintained scalable web applications using **ASP.NET Core** and **Entity Framework**, ensuring robust and high-performance solutions for business needs.
- Integrated Shipping functionality into ASP.NET **Web API**, boosting on-time deliveries by 20% and reducing errors by 25%.
- Designed and implemented RESTful APIs to facilitate smooth data exchange between front-end applications and the database, improving response times by 15%.
- Utilized **JSON Web Tokens (JWT)** authentication and authorization mechanisms to secure access to Ship API endpoints, safeguarding sensitive shipping data and ensuring compliance with security standards.
- Collaborated with front-end developers to create a seamless and intuitive user experience by designing efficient APIs and providing necessary data for front-end operations.
- Optimized database performance by indexing critical tables, optimizing complex queries, reducing query execution time by 25%.
- Automated build processes by setting up **CI/CD pipelines** using **Azure DevOps**, reducing deployment time by 30% and minimizing manual errors.
- Participated in Agile ceremonies such as sprint planning, daily stand-ups, and retrospectives, contributing to continuous improvement and team collaboration.

## ACHIEVEMENTS AND ACCOMPLISHMENT

---

- Microsoft Certified Azure Fundamentals: [Certificate](#)
- Microsoft Certified Azure Developer Associate: [Certificate](#)
- Completed an extensive ASP.NET Web API training program at Infosys.
